## Bob Celebrates his 200th Release!

2023 has been a great year for us. Even during a "not-so-good" economy, our abundance of family-supporters came out and showed their love and dedication to Bob, his art and the Gallery and we thank you!

What better way to close the year than to proudly announce

Bob's 200th print of "Flyby"!

This beautiful, hand-deckled Giclee depicts a scene at Bob's fish camp, which is located behind his studio in Lexington, NC.

To commemorate this special release, we increased the edition quantity to 200.

Each hand signed and numbered print comes with a Certificate of Authenticity that recognizes this very special 200th release.
